

Road on Sweeper

+91 9411787933

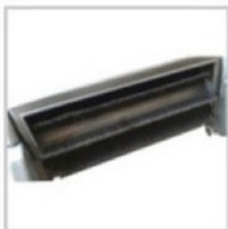

info@ekakshenterprises.com

Ten times faster than manual sweeping, the Charnock walk behind mechanical sweeper sweeps more thoroughly than a broom, saving time and labour. Picks up dust, granules, paper, leaves and even small screws, nails and bolts, just about anything keeping your surroundings neat and litter-free with minimal cost and effort. Use it indoors on floors, outdoors on paths, roads, parking lots, petrol stations, anywhere. The brush pressure adjustment knob enables the optimum adaptation of the brushes to all floor conditions and types of dirt. The newly designed split-half brooms ensures easy replacement and cleaning of the brush and bristles.
